

KYC Verification & Bank Accounts — screen mockups

Single merged KYC page covering all seven checks (PAN → Aadhaar → PAN–Aadhaar link → name/DOB match → penny-less BAV with beneficiary-name match → PAN–bank link → RPD). Bank account listing is a separate side-menu page; adding a UPI ID there skips BAV and runs RPD only.

Bank Account Verification

Penny-less · no debit from your account

Initiate

🔒

PAN – Bank Account Link

Runs right after bank verification

LOCKED

🔒

Reverse Penny Drop (RPD)

Final step · ₹1 from your bank app

LOCKED

Details are encrypted and used only for KYC verification.

Continue verification

All 7 checks on one screen. Cleared checks collapse to a green row; the next actionable one carries the button; downstream checks stay locked.

Bank Account Verification

Step 5 of 7 · penny-less

IN PROGRESS

BENEFICIARY NAME

Akila A

✓ MATCHES PROFILE

Must match your profile name exactly as held by the bank.

ACCOUNT NUMBER

50100XXXXXX4899

RE-ENTER ACCOUNT NUMBER

50100XXXXXX4899

IFSC CODE

ICIC0002009

ICICI Bank · Perungudi Branch, Chennai

🕒 If the bank returns a different holder name, verification stops and you can edit the account or pick another one.

6

PAN – Bank Account Link

Runs automatically once the name matches

NEXT

Penny-less verification — no money moves.

Verify & Save

3 · BAV form — penny-less

Name, account number, re-enter, IFSC. Beneficiary name is checked against the profile name before the account is accepted.

11:28

< Complete your validation

One last step

Confirm ownership with a ₹1 transfer from your own bank app.

₹1

Refunded to the same account within 24 hours

ICICI Bank

XXXX XXXX 4899 · ICIC0002009

NAME MATCHED

How it works

- 1

Tap Start below

Your UPI or bank app opens with the ₹1 request already filled in.
- 2

Approve with your UPI PIN

The payment must come from the same account you just added.
- 3

We confirm and refund

Ownership is confirmed instantly and the ₹1 comes straight back.

✓ PAN, Aadhaar, name/DOB match, bank name match and PAN–bank link have all cleared.

Do not close the app until you return from your bank app.

Start Reverse Penny Drop

4 · Reverse Penny Drop — final step

Reached only after BAV and the PAN–bank link clear. Doubles as the “Complete your validation” screen opened from the bank listing.
